

# 2020 අධ්‍යාපන සවිය වැඩසටහන, Empowering the Future!

By Senera Sisu Saviya (Reg. Number RAT/SOC/08/FI/140)

The world around us has changed. Changed dramatically! It is impacting families and lives in unseen, unimaginable ways. It is in this context our children need our help and support the most, to protect the most fundamental and foundational right for education.

## **THE PROGRAMME IN BRIEF**

We have been providing school items for 100's of outstation school children for over 20 years. However, a recent survey revealed to us that most organizations have neglected the destitute children within Colombo district itself.

Which is why in 2018 we launched a special programme to provide essential school items for children from low income families in Colombo. This December we are targeting to reach a minimum of 300 selected children from over 20 schools around Colombo. To provide them:

- Stationery items
- Shoes, socks and uniform material
- School bags & bottles

\*if situation permits and is feasible, we intend to have a small programme where we will organize a Christmas programme for these children. If the programme cannot be conducted, we will allocate these funds to providing more children.

## **How you can support:**

Every Rupee matters! So, we encourage you to donate whatever you can and help make this project a success. All funds collected through your donations will be utilised completely for this programme.
